Youth Ministries

Workcamp

A total of 400 or more young people per camp take a week during the summer to serve some of the poorest communities in the country by repairing homes. Literally thousands of youth and people in the communities are blessed each year.

The Camp Experience

The youth arrive curious. Excited and maybe a little intimidated. But soon they are repairing a sagging porch, painting a house or building a wheelchair ramp, and having the time of their lives doing it.

They meet new friends, learn new skills, hear great stories and share some of their own. They sweat together, eat together, play together and worship daily together.

Youth Ministries

Who Benefits From Workcamps?

Elderly people who can't get up on ladders to fix gutters or paint.

Young handicapped people who find it difficult to paint their porches or living rooms.

Disabled and chronically ill people who can't afford the cost of home repair because of medical bills.

Communities and neighborhoods which appreciate the "face lift". Most people marvel that the Youth are there working with no expectation of payment... the kids tell them they get "paid" by God's grace. (What a great witness!)

The Residents who get to see firsthand the Grace of God upon them as He is working through our young people.

BSLC PUTT PUTT CLASSIC

Youth Ministries

In addition to Senior High and Junior High Workcamp proceeds from the fundraising also help fund Confirmation Camp in the Fall at Echo Grove Camp in Leonard MI. 6th, 7th and 8th graders spend a weekend doing High Ropes and Low ropes initiatives, a climbing wall, Open Gym Night and Bible study.

In the Winter we host Captive free an international touring Christian Band that performs a concert and does all the evenings activities for the Lock-In.

Your participation and support helps our Youth attend this and other wonderful activities, which enables them to grow their faith in Christ.

AMF Insight 3D Putter

- Uses simple circular and plane geometry to promote perfect, consistent putting alignment in 3 ways.
- The alignment ball, located in the bottom level of the putter, is bisected by the putter center line and is visible through the top hole of the putter.
- The ball comes fully into view when your eyes are directly over the putter and when the putter is perfectly aligned to the target.
- When your eyes are directly over the ball, the alignment aid also indicates whether you are lined to the target.
